PREREQUISITES: no prerequisites

TRAINING OBJECTIVES:

- Know how to name the 9 principles of living systems
- Understand how to apply these 9 principles of living systems to life and to your business

Be able to cite concrete examples of businesses practices aimed at moving towards regenerative processes.

OFFICIAL TIME : 32 hours

TARGET AUDIENCE: For professionals only

TERMS AND CONDITIONS :

Registration is open 2 to 3 months before the start of the course.

The average training start date depends on the period in which you wish to train. However, we can start your training within 90 working days of initial contact. Please contact us for more information.

RATES :

€1000 excl. VAT/person, for self-employed entrepreneurs and NGOs

€2000 excl. VAT/person, for businesses

VENUE: Distance learning via the EDAPP platform and live zoom sessions

TEACHING RESOURCES:

Assessment of participant needs and profile

Training sessions grouped into modules

Alternating theoretical and practical content

Case studies of companies whose initiatives are analysed using the tools provided at the start of the course

Online instructional videos and practical exercises in sub-groups during live sessions

EVALUATION METHODS :

An assessment is carried out at the start of the course to evaluate your initial level.

An assessment is carried out at the end of the course, to check your knowledge and validate the skills you have acquired.

FOLLOW-UP :

Trainees receive an invitation to attend before the course.

An end-of-training certificate mentioning the objectives, nature and duration of the course is given to trainees after the training.

Course materials are available to trainees from the start of training until 6 months after the end of training on the EDAPP platform.

ACCESSIBILITY: If you have any specific disability-related requirements, please contact us directly at school@butterfly-regen.com to discuss your training needs.
